MOSSBERG NAMES AIMPRO AS EXCLUSIVE U.S. FACTORY AUTHORIZED LAW ENFORCEMENT SERVICE CENTER

North Haven, CT (January, 2008) – O.F. Mossberg & Sons, Inc. has named AIMPRO as their exclusive factory authorized law enforcement service center in the U.S.

With the ever-increasing role of Mossberg firearms within the law enforcement and military arenas, Mossberg began a search for an elite service facility to partner with in order to expand their factory authorized law enforcement services throughout the United States. After an extensive screening process, it became apparent that AIMPRO was the partner Mossberg was looking for to provide their law enforcement factory services. With AIMPRO's experienced armorer services on the maintenance and mechanics of shotguns and their fine-tuning of military and law enforcement weapons, it was an obvious decision partnering with such a facility.

"We are thrilled to be selected as the first independent Mossberg Law Enforcement Service Center in the U.S. We are reorganizing our shop to provide the highest quality service in the most expedited way possible," states Michael Shain, Director of Operations at AIMPRO. "Our LE customers will receive the highest priority and the best support we can deliver, as well as access to a variety of accessories specific to the Mossberg shooting system."
